- 8. Start 21 day vacuuming following day after treatment.**

***Please be prepared to pay and vacate upon technician arrival. Thank you!**

Dominion Pest Control

FLEA TREATMENT INSTRUCTIONS

Please vacuum all treated areas for 21 days. Fleas must be stimulated to emerge from the pupae (protected) stage for 21 days for treatment to work. No amount of spraying, fogging or other treatment will eliminate fleas without consistently vacuuming for 21 days. Thank you for your help!
